

TikaTok, the leading digital publishing platform, integrates project-based learning and Common Core – as easy as 1-2-3!

## Everyone has a story. Help your students tell theirs!

TikaTok provides students with an exciting opportunity to write and illustrate their own digital book that is aligned to the Common Core State Standards. TikaTok utilizes:

- A unique digital storytelling tool
- Structured writing assignments
- Integration of social studies, literacy, and science instruction
- Alignment to the Common Core State Standards
- Personalized content – students upload their own photos and drawings, or choose from ours
- Authentic assessment of students' understanding
- The ability to involve and share student work with parents

### Choose

Select a StorySpark project template, and assign it to your class.

### Create

Assess understanding as students author and create their own projects.

### Publish

Save and publish student projects in multiple formats.

## Try it now!
